

I am a student at the **Romance department**.

What do I have to bear in mind?

Students of the Romance Department need a placement test result of **at least B1** to get access to the specialized courses. Your placement test result will automatically be forwarded to the Romance Department.

In your case, it is the Romansh Seminar that decides whether your school-leaving certificates and language certificates will be recognised: Please submit your documents there.

If you do not meet the requirements of the Romansh Seminar, we would ask you to take the placement test. The Romansh Seminar will be informed of your result automatically.

Please visit the website of the [Romance Department](#) for further information.
